this unique collection brings together selections from the work that has defined our understanding of racism every significant contribution to the analysis of racism over the past 50 years are comprised in this one book including extracts from myrdal s an american dilemma cox s marxist theory carmichael and hamilton s introduction of the term institutional racism and recent textual analyses ordered

chronologically so that the reader can work through the narrative of changes coherently each contribution is introduced by the editors and the whole collection is bound together by introductory and concluding chapters the result is an unparalleled teaching and study resource no other book presents the highlights range and complexity of the various attempts to unravel racism in such a comprehensive and panoramic way

the politics of racism have returned with a bang what was once a whisper is now a roar in the wake of public outrage over charges of police racism that claimed the lives of racialized minorities and indigenous peoples yet confusion and uncertainty unsettle the challenge of clarifying the nature and scope of racism in general systemic racism in particular resulting in a glaring disconnect between public perceptions and lived experiences reckoning with racism is themed around the prospect of problematizing the idea of racism as articulated understood and debated in response to new realities emergent demands and contested dynamics a profoundly new racism world is evolving one so fundamentally different from the iterations of the past as to trigger a foundational shift in reconceptualizing how see think and talk about and act on racism changing the conversation on racism must also acknowledge its uncanny knack of reinventing itself while intersecting with other axes of identity and differentiation to amplify the inequalities of exclusion

this book discusses ethical behavior through the genocidal stages of the holocaust paul e wilson first looks at the antisemitism in germany and europe beginning in the decades preceding the nazis reign of terror and goes on to discuss the ethical decisions made in the initial stages that moved society toward genocide the author maintains that the stages of genocide represent subtle changes that can be happening within a society in response to the moral choices made by actors by giving attention to the stages of genocide in the holocaust this book contributes to the overall understanding of how the holocaust was possible and encourages the moral community to join the watch for the development of genocide in the modern world

fascism cannot be treated as an isolated historical or political phenomenon relevant only to certain countries at certain times in the difficult economic and social circumstances of the 1970s and 1980s old ideas have found a new audience and whilst democracy may not face an immediate challenge a considered approach to racism and fascism will be needed if the new europe of the 1990s is not to provide an opportunity for a pan european extreme right revival racism the rewriting of history the new right terrorism and secret service corruption are looked at comparatively for the first time in english a detailed analysis of the le pen phenomenon in france and extreme right terrorism in italy is offered the similarities with developments in other european countries are brought out the author provides detailed inside knowledge of how the european institutions have responded and looks at some of the implications for society and politics

of the 1992 project and the continuation of immigration into western europe

in acknowledging the possibility that as the world changes so too does racism this book argues that racism is not disappearing despite claims of living in a post racial and multicultural world to the contrary racisms persist by transforming into different forms whose intent or effects remain the same to deny and disallow as well as to exclude and exploit racisms in a multicultural canada is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes rather racism is as much a matter of interests as of attitudes of property as of prejudice of structural advantage as of personal failing of whiteness as of the other of discourse as of discrimination and of unequal power relations as of bigotry this multi dimensionality of racism complicates the challenge of formulating anti racism and anti colonialist strategies capable of addressing it employing a critical framework that puts politics and power at the centre of analysis this book focuses on why racisms proliferate how they work in contemporary societies and how the way we think and talk about racism changes over time specifically it examines the working of contemporary racisms in a multicultural canada that claims to abide by principles of multiculturalism and a commitment to a post racial society

the unifying theme of this broad reaching volume is that responsible ethical and effective social work practice rests on the diagnostic skills of the practitioner social work diagnosis refers to the conscious formulation of an ongoing set of decisions about the client and his or her situation which serve as the basis for intervention decisions for which the practitioner must be prepared to take responsibility diagnostic skill development is an ongoing process principally enhanced by a continuous commitment to remain at the cutting edge of the profession s body of knowledge but one of the challenges for today s practitioner is keeping abreast of the rapidly expanding body of knowledge contained in some 200 important social work periodicals in circulation francis j turner a preeminent clinical scholar brings together in one volume some of the best work published since 2000 each reflecting new insights into understanding psychosocial situations and innovative methods of applying knowledge and skills in an increasingly effective manner each of the 78 articles in this volume highlights some of the critical dimensions of contemporary social work practice guiding clinicians to address four key aspects in order to craft an accurate diagnosis the first section presents articles covering the developmental spectrum each of which fully explains various ages and stages of development the second section focuses on a range of specific situations helping practitioners and students enrich their understanding of different types of problems they meet in contemporary practice whether they are based in mental illness psychosocial issues or physical ailments the third section addresses the crucial component of diversity demonstrating the complexity and critical importance of truly understanding clients and their lives the last section of the book discusses innovative approaches to practice

selected to offer practitioners easy access to the latest interventions for a host of contemporary challenges facing clients and their therapists broad in scope and tightly focused on the goal of providing the most up to date information necessary for accuracy in the diagnostic process this volume represents some of the best research available to today's social workers

political correctness idealizing the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what ellis calls the dark side of the left

this is the book that many of us in the field of race scholarship have been waiting for minelle mahtani university of toronto scarborough

looks at european ideas about race and the alleged superiority of certain peoples especially in germany

ingram philosophy loyola university brings a variety of current social dilemmas together in a mutually illuminating way he examines the concept of legal equality in a multiracial society by considering issues such as self governance for native americans the rights of immigrants affirmative action and racial redistricting tie also tackles the problem of social injustice in a global setting by assessing the negative impact of free trade policies on the rights of groups to self determination and cultural integrity

in a blend of history biography political science and political theory he offers examples of the finest democratic leadership as well as cautionary tales of prominent leaders whose styles were essentially aristocratic book jacket

contributors from philosophy and political science discuss the observation that civility civic virtue tolerance and socio cultural unity have declined while exploring the nature of civil society the conflict between individual liberty and the common good and the role of law and government policy in weaving the threads of the social fabric from publisher description

they are often portrayed as outsiders ethnic minorities the poor the disabled and so many others all living on the margins of mainstream society countless previous studies have focused on their pain and powerlessness but that has done little more than sustain our preconceptions of marginalized groups most accounts of marginalization approach the subject from a distance and tend to overemphasize the victimization of outsiders taking a more intimate approach this book reveals the personal moral and social implications of marginalization by drawing upon the actual experiences of such individuals multidisciplinary and multicultural identity on the margin addresses marginalization at a variety of social levels and within many different social phenomena going beyond familiar

cases dealing with race ethnicity and gender to examine such outsiders as renegade children conservative christians and the physically and mentally disabled and because women are especially subject to the effects of marginalization feminist concerns and the marginalization of sexual practices provide a common denominator for many of the essays from problems posed by complimentary racism to the status of gays in tony blair s england from the struggle of native americans to preserve their identities to the singular problems of single mothers identity on the margin takes in a broad spectrum of cases to provide theoretical analysis and ethical criticism of the mechanisms of identity formation at the edges of society in all of the cases the authors demonstrate the need for theory that initiates social change by considering the ethical implications of marginalization and criticizing its harmful effects bringing together accounts of marginalization from many different disciplines and perspectives this collection addresses a broad audience in the humanities and social sciences it offers a basis for enhancing our understanding of this process and for working toward meaningful social change
