a wonderful book thoughtful fascinating malcolm gladwell do you believe some people are born athletes is sporting talent innate or something that can be achieved through endurance and practise in this ground breaking and entertaining exploration of athletic success award winning writer david epstein gets to the heart of the great nature vs nurture debate and explodes myths about how and why humans excel along the way epstein exposes the flaws in the so called 10 000 hour rule that states that rigorous practice from a young age is the only route to success shows why some skills that we imagine are innate are not like the bullet fast reactions of a baseball player uncovers why other characteristics that we assume are entirely voluntary like the motivation to practice might in fact have important genetic components throughout the sports gene forces us to rethink the very nature of success

please note this is a companion version not the original book sample book insights 1 the american league team was down 9 1 in the fifth inning so they called on jennie finch a retired baseball player to pitch she had been invited only as a member of the american league coaching staff until the american league stars went down 9 1 in the fifth inning 2 finch was a regular segment on fox s this week in baseball in which she would travel to major league training camps and transform the best baseball hitters in the world into clumsy hacks she struck out both hitters she faced in 2004 and 2005 3 the only way to hit a ball traveling at high speed is to be able to see into the future and when a baseball player faces a softball pitcher he is stripped of his crystal ball 4 the modern sports occlusion test was invented by janet starkes in 1975 it involves gathering thousands of photographs of women s volleyball games and making slides of pictures where the volleyball is in the frame and others where the ball has just left the frame the orientation and action of players bodies is nearly identical regardless of whether the ball is in the frame since little changes in the instant when the ball leaves the picture

brothers of the wind portrays the epic quest of three canadian speed skaters close friends and fierce competitors to win olympic gold in the 1990s this story chronicles their successes and setbacks from their early days as promising teenagers beginning in 1990 to become world class skaters it s a story that was more than 10 years in the making and culminates at the 1998 nagano winter olympics woven into the fabric of this tale are revealing threads of insight into the sport of speed skating both long track and short track the sport has resulted in more olympic medals for canada than almost any other sport follow these incredible young men from their formative teenage years as they grow into world class athletes the brotherhood they form along the way accompanied by their mastery of the ice and an unshakable confidence instilled fear among their competitors but as much as they were feared on the ice these brothers of the wind were admired by friends and foes alike
